

# Zelio Easy RXM

Electromechanical optimum miniature plug-in relays

## High cost-effective choice: Miniature in size and powerful in performance

Zelio RXM industrial relays bring features for easy and improved control of simple and complex automation system.

### Easy to select

- > 5A relay with 2C/O contacts or 3A relay with 4 C/O contacts
- > 2 types of socket

### Convenient to use

- > Mechanical indicator for contact status
- > "Power On" LED for readiness

### Simple to install

- > Socket for both DIN-rail and panel mounting
- > Two fixing holes for metal maintaining clamp
- > Locating slot for mounting on DIN rail with fixing clip

### Designed to perform

- > Compliant to a lot of industrial standards
- > Eco-design with ROHS, CE

## Selection Guide
